# Invitation

Welcome to the “5<sup>th</sup> *International Conference on* **COGNITIVE AND BEHAVIORAL NEUROSCIENCES**”

We invite you to join us for the “5<sup>th</sup> *International Conference on* **COGNITIVE AND BEHAVIORAL NEUROSCIENCES**” on Oct 01-02, 2025 in Berlin, Germany.

**ICBN-2025** is the key forum to present research to an interdisciplinary and international audience. It provides a window into the future of neuroscience. It offers an opportunity for researchers—from students and postdoctoral fellows to Professors, scientists, and Industry-to exchange technical information and network with colleagues.

The scientific program will highlight the latest advances in neuroscience research internationally, strongly emphasizing interdisciplinary research in fundamental and applied areas. This would be a wonderful networking opportunity and will cultivate everlasting friendships among fellow partners.

Over 2 days, internationally renowned speakers will describe how their research journey has developed in response to contemporary challenges: inspirational lessons in chemical initiatives and creativity. The attending experts and industry partners will also provide a fantastic networking experience.

Sincerely yours,

**Matthew Tyler**

Program Director

# CONFERENCE HIGHLIGHTS

Conference sessions may be geared toward participants with different levels of experience or other positions. Main conference sessions include the following the topics. Choose to follow one topic or move between tracks to create your personalized conference experience.

- Cognitive Mental Illness
- Psychiatric Disorders
- Neurobiology
- Clinical Neuroscience
- Mechanisms of Behaviour
- Neurological Disorders
- Alzheimer's & Dementia Research and Therapy
- Brain Disorders & Therapy
- Social Psychology
- Behaviour Disorders and Clinical Psychology
- Cognitive, Affective and Behavioural Neuroscience
- Cellular & Molecular Neuroscience
- Health, Stress, and Coping
- Cognitive Psychology
- Addiction & Mental Health
- Assessment and Psychotherapy Research
- Neurophysiology

## IMPORTANT DATES

Abstract Submission starts on: **October 01, 2024**

Registration opens: **October 07, 2024**

## WHY YOU SHOULD ATTEND

1. Access to Cutting-Edge Research
2. Networking Opportunities
3. Skill and Knowledge Development
4. Interdisciplinary Learning
5. Exposure to Emerging Trends
6. Presentation and Feedback
7. Professional Recognition
8. Continued Education Credits
9. Broader Perspective on Global Research
10. Inspiration and Motivation

## CONFERENCE VENUE:

The Venue Will be updated soon...

Berlin[a] is the capital and largest city of Germany, both by area and by population. [11] Its more than 3.85 million inhabitants [12] make it the European Union's most populous city, as measured by population within city limits.

Berlin is renowned for its exceptional range of landmarks, vibrant cultural scene, and way of life that's somehow all yet relaxed. The city is best known for its striking contrasts. Historical buildings stand alongside modern architecture as the past and present intermingle. The city is best known for its striking contrasts. Historical buildings stand alongside modern architecture as the past and present intermingle. The sights Berlin has to offer, from the Brandenburg Gate to the Chancellor's Office, bear witness to the history of an entire nation. Germany's capital is home to all the main government buildings, including the historical Reichstag building as the seat of the German parliament.

Berlin is a city of art, artists, and museums. Precious artifacts from all over the world are showcased at more than 170 museums here, some of which can be found on the internationally renowned Museum Island. Berlin is a popular destination for classical music fans from every corner of the globe thanks to its leading orchestras, such as the globally popular Berlin Philharmonic, and the city's three huge opera houses, where spectacular operas and ballets are performed. There is no end of theatre venues specializing in a variety of performances, revue, cabaret, and more to ensure that there is something to keep everyone entertained.
